

*Personalized tenant app: Brochure
of options*

*Arthur Online
5 Merchant Square
Paddington, London*

Whilst Arthur Online provides a functionally rich tenant app to all customers free of charge, you may feel that the app provided is not suitable to your business needs or does not reflect your branding. To this end, we offer the ability to create your own personal app that will sit on the App Store and PlayStore.

How to choose your app

This is charged at £995+VAT.

1. Choose your app skin
2. Choose your app colour
3. Choose your app icons

The pairings in this document are our recommended combinations. If you would like more than choosing from the app designs below, or would like to adjust the workflow, this work can be quoted on.

With a personalised app, there is an ongoing monthly cost of £275+VAT. This is to cover all bug fixes, maintenance, updates required by Arthur and Apple/Android and housing on both the PlayStore and AppStore.

Branding

There are five different options for the branding of your app. Each of them is offers an individual look and feel to them, ensuring your business is perceived the way you want it to be.

1. Sterling

A simple, clean cut look that allows for ease of use and clarity on all areas. The colour palette is that of bold, uplifting colours that ensure the user views the app as a 'happy' space to be in. Icons are block colour and easy to understand.

2. Avalon

Designed with elegance in mind, Avalon expounds high quality. The profile mixes a deep luxurious colour palette with thin icons to entice the user into a feeling of calm. Avalon offers a formal, professional feel to the user.

3. Caspian

This friendly design offers large touch pad sections for users, making each section very obviously separate. Felixis is characterised by is rounded icons and colourful design, putting the user at ease and offering a friendly feel.

4. Qadira

This design relies on the visual appeal of it. Simple in terms of palette, a monotone look throughout gives a clean user experience. Boxed options offer a different feel to the app, with more space giving a simple feel.

5. Vanora

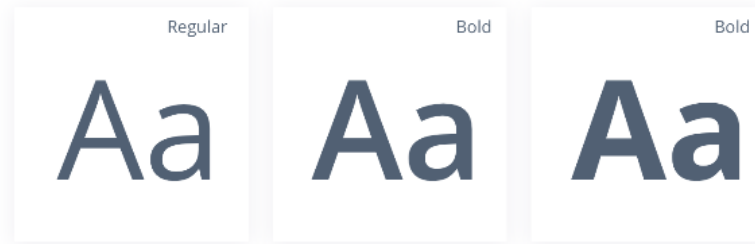

A soothing colour palette make this app appeal to any user. The design offers a friendly experience to the user. Characterised by bold writing and coloured icons, Vanora ensures users can easily understand the app
